

Returning Piper Reboot

7 LESSONS · ALL LEVELS

Welcome to Returning Piper Reboot. I built this course to give you exactly this: picked the pipes back up after time away? Reassess your gear, rebuild your ear, and get back to playing shape fast.

- ☐ **01 Why Are My Pipes So Hard? How to Diagnose and Fix Common Bagpipe Malfunctions**
Start by diagnosing what's actually wrong, so you're not blaming your playing for a gear problem.
February 5, 2026 · 1h 0m · Setup & Maintenance

- ☐ **02 Preparing for the Summer Piping Season**
Run the seasonal tune-up checklist to get a neglected setup airtight again.
May 30, 2024 · 38m · Setup & Maintenance

- ☐ **03 Bagpipe Maintenance Checklist: Fix Your Bagpipes to Start the New Year Right**
Work the full maintenance checklist so nothing hidden sabotages your comeback.
January 6, 2026 · 1h 5m · Setup & Maintenance

- ☐ **04 How to Master Steady Blowing**
Rebuild steady blowing first — it's the skill that erodes fastest during time off.
July 16, 2024 · 1h 9m · Tone & Tuning

- ☐ **05 Hands-On Drone Tuning Workshop: Get In Tune Fast**
Get your ear back in tune with a hands-on drone tuning session.
November 13, 2025 · 47m · Tone & Tuning

- ☐ **06 Strategy & Goal-Setting for the Off-Season**
Set a realistic comeback plan instead of trying to rebuild everything at once.
September 4, 2025 · 57m · Practice Tips

- ☐ **07 Finding Inspiration & Motivation**
Reconnect with why you play, so the reboot doesn't stall out in week three.
